Indiana Legislators.

Indianapolis, Ind., Nov. 10.-Complete returns from 47 of the 92 counties in Indiana, unefficial or estimated. show a net gain per county for Mc-Kinley of 159. If this ratio is carried out the Republicans will have carried the state by 32,809. There are several heavy Democratic counties to be heard from. however. The Republicans have elected nine congressmen in Indiana and the Democrats four. The Indiana corgressional delegation remains the same as it stood in the last congress with the exception of the Fifth district. where E. S. Holliday, Republican, succeeds George Faris, Republican. Official returns are in from 15 counties. The plurality for McKinley will be be tween 20,000 and 25,000. The legislature is 41 Republican on joint ballot. from present indications.

Flynn and the Legislature.

Guthrie, O. T., Nov. 9 .- Secretary Renshaw, of the Republican territoria committee, makes the following statement: "Dennis Flynn is re-elected by 5,500 majority. We have elected a majority in both branches of the legislature. The two houses stand as fo lows: Lower house, 17 Republicans, 9 Democrats; council, 7 Republicans, 6 Demo-

In the Kansas Seganth.

Kansas City, Nov. 8 .- A special to the Daily Journal from Hutchinson, Kansas, says that returns from the Seventh congressional district were received very slowly. A partial report received by Chairman Frank Harlow from different counties show a steady increase for Chester I. Long over his vote in 1898 and a large gain over 1896. It is the opinion at the district headquarters that Mr. Long will have a majority of 2,000 or more.

Plans for a New Station.

Topeka, Nov. 8 -Plans have been prepared in the chief engineer's office for a new passenger and freight station to be built by the Santa Fe at Albuquerque. The station will be 150x66 feet, two stories in height. It will be of frame, metal lapped and plastered with Portland cement in imitation of old Mexican mansions, and be topped with a red tile roof.

An arcade 200 feet in length will connect the station with a hotel 331x192 of similar construction, and the two buildings will cost about \$125,000.

Wheatley Makes Eight. Topeka, Nov. 12.-Secretary Kelly, of the Republican state committe . says that, according to information received at headquarters, George W. Wheatley, Republican, has been elected to congress in the Third district over Judge A. M. Jackson, fusionist, by 10 majority, not including the soldier vote in the Dodge City Soldiers' home or in the Philippines.

The election of Congressman Wheatley gives the Republicans a solid delegation in congress.

## Joint Ballot 111 to 54.

Topeka, Nov. 9 .- Complete returns from more than seventy counties and fragmentary returns from the remainder show that McKinley has carried Kansas by from 22,000 to 25,000; that the entire Republican state ticket has ; been elected by about 20,000; that had been pulled through, called to see seven Republican congressmen were chosen by decisive majorities; and that the Republicans have 111 members of the legislature on joint ballot, 74 in the house and 27 in the senate.

Missouri as Usual. St. Louis, Nov. 10.-Based upon returns from 81 counties, the Democratic state central committee now claims governor by pluralities of about 45,000 | and 35,000 respectively. While the Democrats confidently claim a majorty of 50 or 60 on joint ballot in the legislature, Mr. Alins says that their majority will not be over fifteen or ewenty and possibly lower than that. He concedes, however, on the face of the returns now at hand, that the emocrats will have a majority.

Canadian County.

El Reno, O. T . Nov. 9 .- The election in Caradian county reculted in almost clean sweep for the democratic legslative and county ticket. The only republicans elected were Tom R. Reid, who will go back to the legislature; A. A. Cosby who will succeed himself in the sheriff's office, and William S. Sitton, who was elected commissioner for the 3d district. Hon. Dennis T. Flynn's majority was

cut down from 270 to 186.

Governor in Doubt.

St. Paul, Minn., Nov. 9 .- The only point unsettled in the Minnesota elecis the contest over the governorship. Everything else has gone Republican by majori ies so large that there is no possibility of change. Tams Bixby, chairman of the Republican state committee, figures out 8,754 plurality for Vansant, while Chairman Rosing, of the Democratic state committee, from the figures reported to him, foots up 13,000 plurality for Lind. The present returns have favored Vansant, but his lead was slight. The McKinley vote seems considerably more than 50,000 over that of Bryan.

Joint Ballot in California.

San Francisco, Nov. 9 .- The majority for McKinley and Roosevelt in California continues to grow and the indications are that it will reach 40,-000. The Republicans have elected all seven congressmen. The legislature is republican by a majority of 26.

The state senate contains 33 Republicans and 7 Democrats. The assembly stands: Republicans 58; Democrats 22,

The Loyalty of the Members of the Brotherhood of L. comotive Eng. neers is proverbial. A circumstance occuremphasizes this feeling. Frank J. Zeller, is Chief of the

Brotherhood of Locomotive Eng neers one of the best known Engineers running out of Meadville. When the announcement was made a short time ago that Frank was pretty sick, it caused a great deal of regret among the boys. Soon he was missed from his engine, having had to "lay off" on account of his back. A bother of the Brotherhood of Locomotive Engineers, who had been ill with similar symptoms, some time before, and who Mr. Zeller, and in a brotherly way, took with him a box of D dd's Kidney Pills, the Remedy which had cured He advised Mr. Zeller to try him. them, with the result that after seven boxes had been used, he was entirely well, and able to work.

In an interview Mr. Zeller states: "I had suffered for four years with this affliction, being often kept awake at night with pains, and at times unable to work. I tried several of the advertised remedies, and found that they did me no earthly good. Finally, a member of our Order, who had been cured of Kidney Disease by Dodd's Kidney Pills brought me a box, and asked me to try them. I had little faith in them, but as a drowning man grasps at a straw to help him, so I took the Pills. I used seven boxes, Missouri for Bryan and Dockery, for and am today as well and strong a man as there is in Pennsylvania."

Naturally, Mr. Zeller feels very

grateful, and his complete recovery has delighted his many friends, and none more than the good Brother, who utes and soon effected a permanent feels that he was instrumental in saving the life of the Chief.

How Mothers may Help their Daughters into Womanhood

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful wo'nan should find the mother on the watch day and night. As she cares for the physical well being of her daughter, so will the woman be, and her

When the young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance in this hour of trial.

The following letters from Miss Good are practical proof of Mrs. Pinkham's efficient advice to young women.

Miss Good asks Mrs. Pinkham for Help.

"DEAR MRS. PINKHAM:-I have been very much bothered for some time with my monthly periods being irregular. I will tell you all about it, and put myself in your care, for I have heard so much of you. Each month menstruation would become less and less, until it entirely stopped for six months, and now it has stopped again. I have become very nervous and of a very bad color. I am a young girl and have always had to work very hard. I would be very much pleased if you would tell me what to do."—MISS PEARL GOOD, Cor. 29th Avenue and Yeslar Way, Scattle, Wash.
